

## Dad's Special Green Beans

Serves 6-8

### Ingredients:

1 pound green beans

1/2 -1 tablespoon butter

1/2 -1 clove garlic, minced

Place the green beans in a steaming basket and steam them for 4-5 minutes, until they are almost done, but still a little crunchy. In a skillet over medium heat, melt the butter and add the garlic. Throw in the green beans and cook, stirring frequently, until they are limp and bright green, 1-2 minutes. Remove from heat and serve hot.
